

Willage Volunteers

Volunteer Abroad

Kenya ♦ Ghana ♦ India ♦ Nepal

Village Volunteers is a 501(c)(3) non-profit organization that works in partnership with rural village and capacity-building programs to support the development of sustainable solutions for community survival, education, and growth.

Our Philosophy

Village Volunteers was founded in the belief that partnership is a key factor in the renewal and healing of areas plagued by poverty and disease. Committed to preserving autonomy and cultural heritage, Village Volunteers works in collaboration with village organizations to support the achievement of their goals and objectives by integrating international volunteerism, sustainable community development, and program assistance.

Your Volunteer Options

Our Volunteer Program is an immersion program that offers volunteer opportunities for students, professionals and anyone with the desire to serve in a community abroad. Depending on the placement, volunteers may have the opportunity to work in a school, orphan home, or clinic; assist in agricultural or building projects; work with local women in craft-making; teach HIV/AIDS prevention; initiate local research projects; design your own skills-based program to share with a community; or simply assist with the day-to-day tasks in a community.

Village Volunteers supports sustainable development in rural communities by partnering with respected non-governmental and community-based organizations with a holistic focus on community self-sufficiency. Guided by the communities we serve, Village Volunteers offers the opportunity to work in areas such as:

- Rural Health Care
- Public Health Awareness (HIV/AIDS, Malaria)
- Natural Medicine / Homeopathy / Nutrition
- Ethno-Botany
- Traditional Medicine Documentation
- Education (children, adults, and special needs)
- Vocational Training
- Orphan Care
- Gender Equality
- Micro-Enterprise / Business Development
- Bio-intensive Organic Agriculture
- Clean Water
- Environmental Conservation and Appropriate Technology
- Building and Construction
- Documentary Film/Photography
- Cultural Preservation
- Traditional Arts, Music, and Dance
- Community Theatre
- Research
